

IPSC Neuron Plating Medium

Catalog #: HNM003 Product Size: 500 ml

Storage: 2-8°C for 6 months **Shipping**: Polar packs

GENERAL INFORMATION

IPSC Neuron Plating Medium is designed for in vitro culture of iPSC-derived neuron cells, including motor neurons and cortical neurons. This medium is fully supplemented. This medium is sterile filtered and is ready for use.:

Product is for Research use only.

STORAGE AND USE

The medium is stored at 2-8°C. A change in color or appearance of precipitate may indicate deterioration. The product is stable for 6 months from the date of receipt under proper storage condition.

CAUTION

Proper precautions must be taken to avoid exposure. Always wear proper protective equipment (gloves, safety glasses, etc.) when handling these materials. We recommend following the universal procedures for handling products of human origin as the minimum precaution against contamination. The listed dilutions are for recommendation only and the ender users should optimize the final conditions.

FOR RESEARCH USE ONLY
